Developing Landmarks For More Than 90 Years.

Santana Row. The Great Mall of the Bay Area. Stanford Shopping Center. Oracle Corporation world headquarters. University Circle. Bay Meadows. Redwood Shores. Vasona Light Rail extension. Stanford University Palm Drive reconstruction. U.C. Berkeley Boalt Hall School of Law. Santa Clara Valley Medical Center. Look at many of the San Francisco Bay Area's top commercial and residential buildings, hotels, and government, educational and healthcare facilities as well as transportation systems. Chances are you'll be looking at BKF projects.

For more than 90 years, we at BKF Engineers have provided civil engineering, master planning and surveying services to help create landmarks that enhance our community.
